In Fortaleza, you are free to do the things one doesn't do in anywhere else. Here you are free to eat, drink and shag yourself to death. This makes the north-Brazilian metropolis a true paradise for lovesick world-travelers, horny sailors and other good people.

All of who get a life time memory after enjoying the city's lovely girls.

The breeze gently blows against the cheeks, while a minor army of girls longingly looks out over the Atlantic Ocean. The sun is high, an old man works his hand driven press squashing the sugar canes, he hums a samba hit and the happy children play Neymar in the sand.

The girls have found their sun tops. They are young and sexy and look wonderful in the soft light of the afternoon sun. Among the many girls looking for the Norwegian banana boat, are Alaide and Magda. They know the boat well as it often docks in Fortaleza.

Even though Brazilian girls are the sexiest in the world, by principle they do not show their bare breasts in public. Why would they? Here in Brazil, it's the buns men are ogling after. And they are always out in the open.

When the boat docks it's almost a party, Alaide and Magda scream at the top of each other's voices. Now our Norwegian friends are coming. And they are fun!

The two Brazilian friends are both hookers, and they are always to be found among the girls in front row, greeting the financially powerful and randy Norwegian sailors.

I have learned a bit Norwegian, Magda reveals. That's always helpful. If nothing else it creates attention when I, in a hurly burly of English, Spanish and Portuguese, suddenly say something in Norwegian.

The girls usually charge 100 American dollars for a night of sex. It's not a steady price, it flows along with the question of supply and demand. But when the banana boat arrives, Alaide and Magda have a fantastic offer.

We have specialized in finding a guy and giving him an experience for life, Alaide smiles.

The offer consists in him paying 150\$ for the both of us, Magda continues. It's a good price, normally he must pay 100\$ for each of us. But first, for us is, that money is not the most important. They come naturally when we settle the score and the exhilarated guy gives us great tips because of all the juicy memories we give him to travel on with.

Sailors are always demanding customers. And not least drunken Norwegians, who know that there's pussy ahead. They have no clue about decent behavior. And when they aren't pissing up one of the beach palm trees, they are screaming for more whisky.

The bartender can't do much but shrug. He knows that he shouldn't serve them anything more. But the money is tempting. So, he takes another bottle of whisky and puts it on the table, while the drunken sailors and a flock of girls take their glasses and continue the party.

That way the evening always starts in merriment, Alaide says. The beach bars, which incidentally are located across the street from McDonald's, are always filled with loud sailors. Both Magda and I are pretty good at finding a guy and getting him off the beach before he drinks his brains out.

We get a cab and shuffle our victim into it. Then we go directly to one of the city's many motels, where we rent a suite with a pool and all other thinkable luxury.

Granted it's expensive, but we guarantee complete fulfillment for every single dollar they spend.

Usually we start out with a drink, then we pull the guys gear off and give him a warm bath to get him ready to fuck us.

It's always important to get the pressure off the lower regions, Magda continues. It makes the guy calm, so we can enjoy the rest of the night peacefully.

After the first ejaculation, the girls leap into the pool, where they have a couple of drinks with their Norwegian lover.

We caress, fool around and make they guy feel like a real man. We tell him that we love his big dick and that he is the best lover we have ever had. That makes him hard. And the second his cock stands to attention, we seduce him in the orgasm pool.

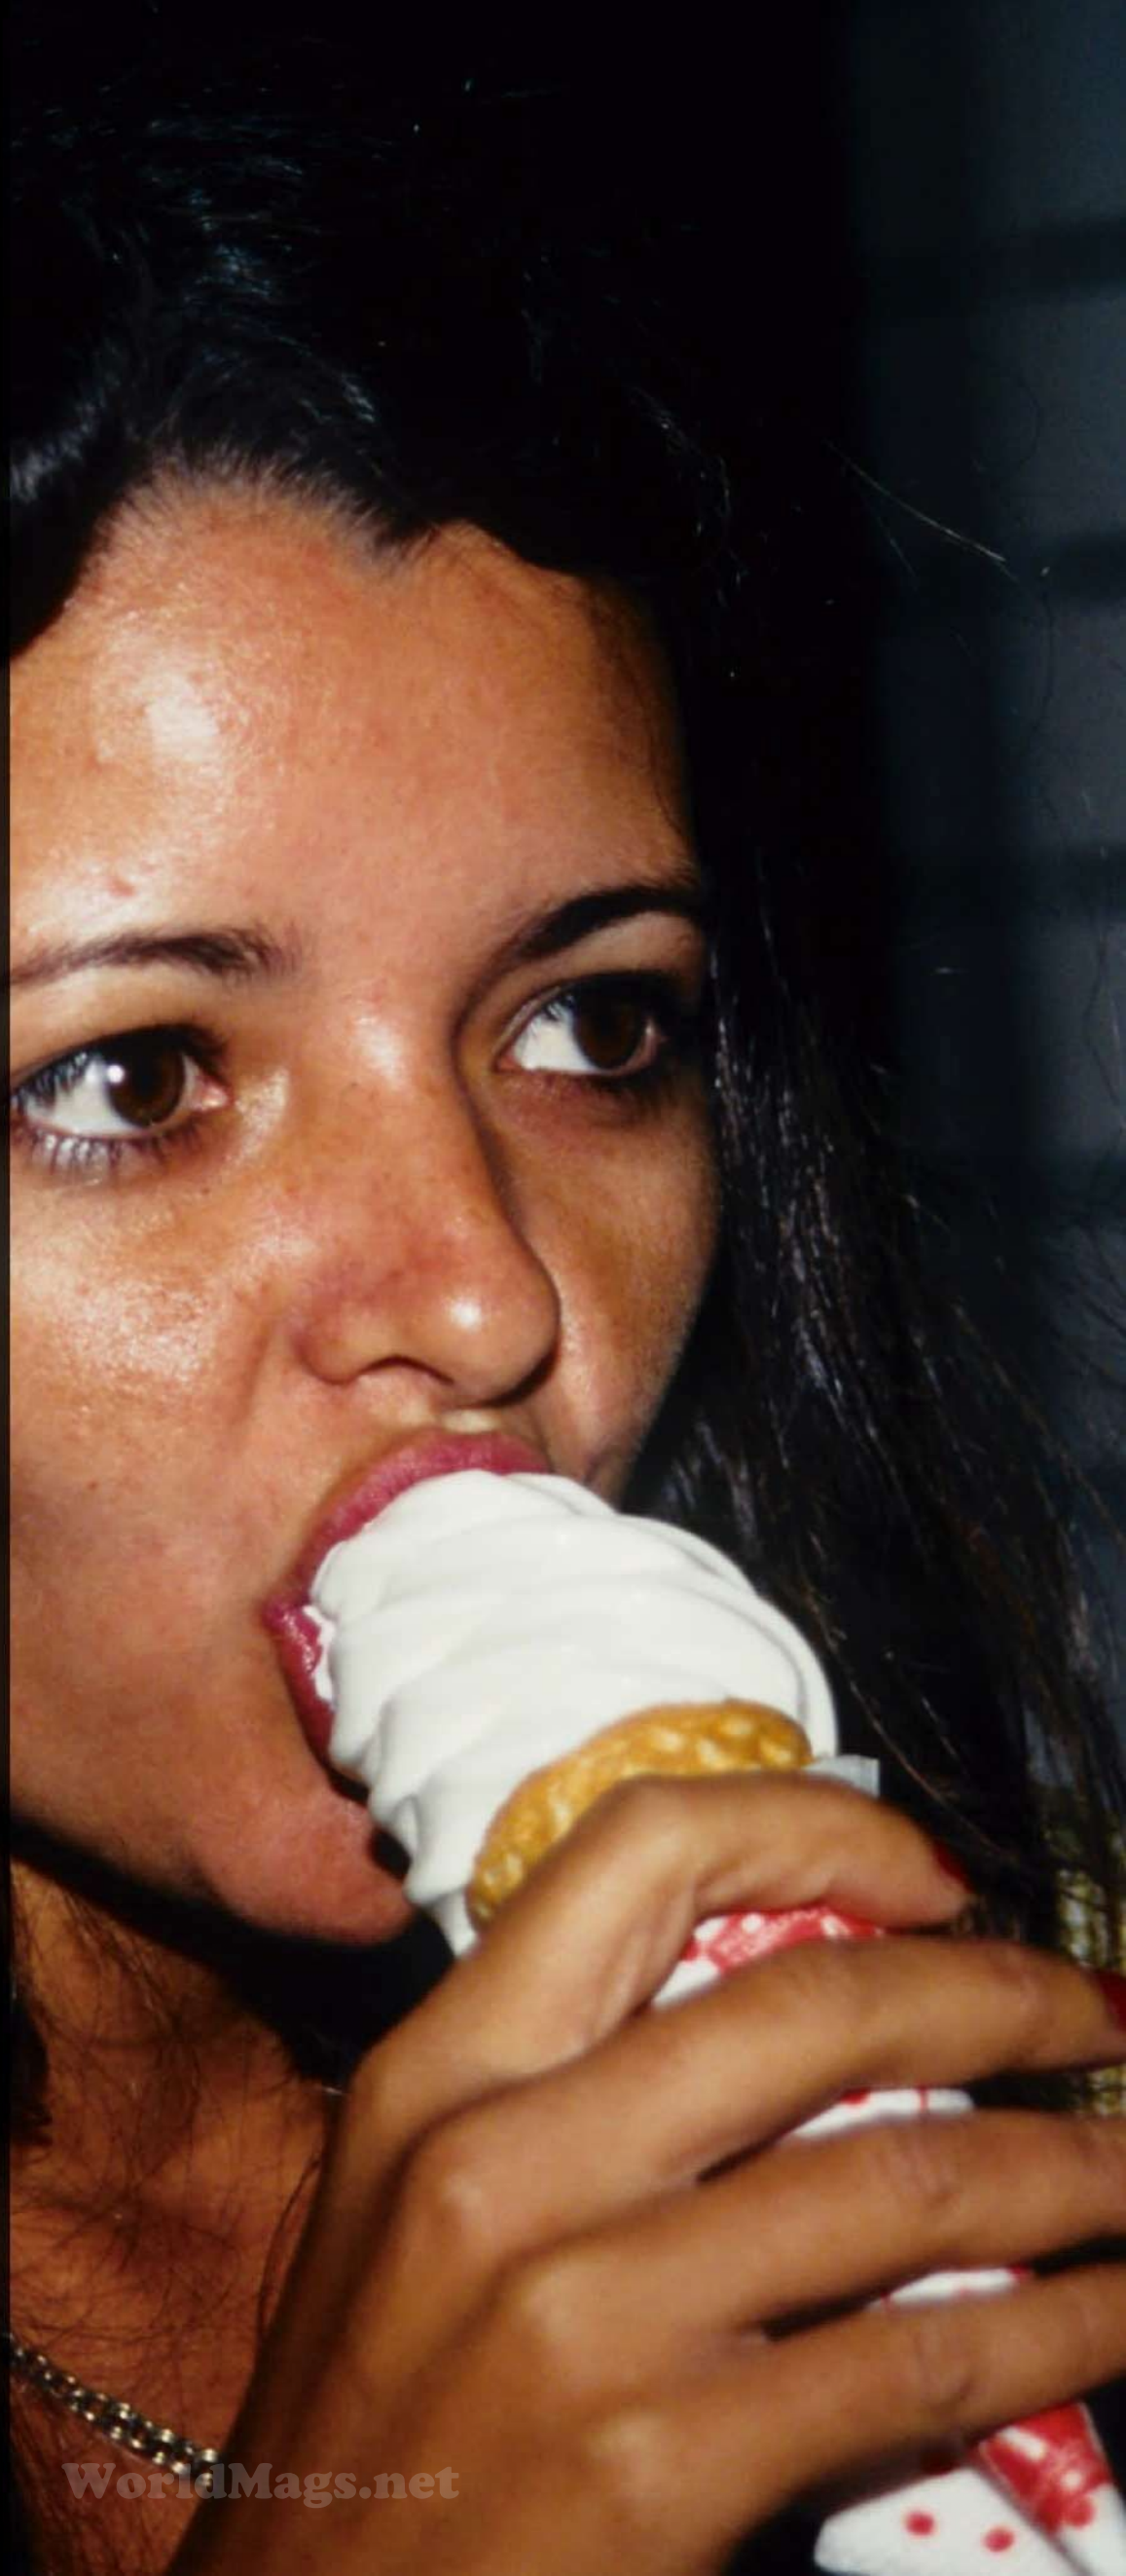

Both Alaide and Magda are crazy about sex. And for them it's very important to have as much sex as possible with all their customers.

If we have a strike of bad luck and the potency fails, we have a secret weapon, Alaide reveals. We lie down beside the guy and start making out. That will get any guy's attention, and as the curiosity spreads to his pecker, we girls lick each other to orgasm.

That's all it takes to get a guy to give a little more, Alaide sighs. Men are as easy as babies. And funnily enough they are alike, no matter what their nationality. When the girls aren't enjoying life with their Norwegian guests, everyday life is pretty dull in Fortaleza. The hot tropical days pass by slowly and the city's population first wakes at around 19:00. It's then that the girls gather at the beach bars, where all are looking for some vulnerable tourist who has lost his way to Northern Brazil.

But, unfortunately there aren't a lot of those even though Fortaleza has great beaches, restaurants and hotels. The city is even cheaper than the other big cities in the country. But sun, summer and juicy sex, is obviously not enough to draw adventuring tourists to Fortaleza...

For 150\$ you can fuck them both all day and night.
